Q&A

OFRN is posting Round 5 questions and answers to the OFRN website. This is updated frequently.

*The **OFRN Round 5 Sustaining Ohio's Aeronautical Readiness and Innovation in the Next Generation (SOARING) Opportunity Announcement** is focused on expanding Ohio's research and development capabilities across the state's academic institutions and business in support of **Ohio-based federal partner needs**, which ultimately promotes Ohio's economic growth. OFRN Round 5 Areas of Interest (AOIs) include topics in Unmanned Aerial Systems (UAS), Artificial Intelligence, Human Factors, Data Analytics, Space Commercialization, Quantum Communications and Advanced Power Systems. This announcement seeks to leverage Ohio's unique research capabilities and its federal partner's expertise to accelerate technology*

development and innovation by increasing collaboration across government, academic, and industry organizations.

Please forward this to your colleagues across the state, if we missed someone. We have a large email list but we are still compiling our lists and need your assistance with distribution.
