ADVANCED RESEARCH  **THE OHIO STATE UNIVERSITY**

Funded by:  **Ohio** | Department of Higher Education

SERVICES & IMPACT

Mission:

Stimulate Ohio's innovation economy by building vibrant, statewide university/industry research collaborations that meet the requirements of Ohio's federal installations, resulting in the creation of leading-edge technologies that drive job growth for our state.

Services:

Networking & Team Matchmaking

Making new connections and building teams with likeminded individuals, expanding your technology and scientific capabilities

Commercialization

Identifying the best market(s) for your technology, taking your technology from concept to market quickly and efficiently

Education & Training

Learning about government requirements for proposals and project execution, growing your competitive advantage

Funding

Applying for open solicitations and using that experience to earn government funding, seeding your technology from idea to reality

Impact:

Return on Investment

- ✓ ~5:1 Financial ROI (Realized)
- ✓ ~8:1 Financial ROI (Potential)
- ✓ 11 Spinout Companies
- ✓ 35 Projects Funded
- ✓ 382 Jobs creates, +474 Potential
- ✓ 12 IP Created, +2 Pending

Network / Collaborators

- ✓ 4 Government Agencies
- ✓ 97 Industry Companies
- ✓ 21 Academic Institutions
